

Our CHS Parents group is excited to present “**Race the Reserve Whidbey Island**” as its primary fundraiser for the Coupeville High School class of 2024. The routes explore the Reserve and surrounding state and county parks, and have features commensurate with quality events organized throughout the island and region.

With continued growth, we expect to position our event on an exclusive calendar of races, promising to become local history and re-establish Coupeville and **Ebey’s Landing National Historical Reserve** as a premier destination for runners in the Pacific Northwest.

In exchange for an opportunity to promote their businesses, we invite local merchants and individuals to support our vision for the future of the event and share its benefits for the community as we welcome race participants with the opportunity to:

- Discover the historical significance of our beloved Coupeville
- Experience the unique cultural landscape of Ebey’s Reserve, the first of only three historical reserves in the country
- Enjoy recreational activities throughout public parks and beach areas
- Pursue physical fitness surrounded by spectacular mountain, ocean and prairie vistas
